-

- Accessible to persons with disabilities, including provision of adaptive equipment
- Held at one of our libraries or on the internet
- Strategically scheduled
- Consistent in terms of attendance and registration
- Accompanied by a display of related materials

Programs must be carefully planned to meet staffing and publicity deadlines. All programs presented by anyone other than library staff must go through the library's vetting process.

Programs must be customized to meet the demands, needs and demographics with specific attention to the language and cultural needs of the individuals and organizations in the community served.

Programs must fit the meeting room and stay within the designated capacity limits. Staff must be in the room when programs are in progress.
